The Glow Night Lamp!

It is an established fact that there has
never been a night lamp on the market that
was odorless, and most of the night lamps
that are sold today absolutely poison the
air in a close room. In placing the Glow
Lamp upon the market we claim to have
the night lamp that positively emits no
odor when in operation, and is the only
night lamp that should ever be used when
it is necessary to burn a light at night, as
for instance in the nursery or sick-room.
It is a miniature gas-burner, gasometer or
gas-burner combined, automatically mak-
ing and consuming its own gas which, in
the ordinary night lamp, escaped without
being consumed, filling the room with a
poisonous vapor, which, to put it mildly, is
extremely injurious.

The Glow Lamp is constructed on
scientific principles, and is without question
the simplest, cleanest, neatest, and cheap-
est night lamp in the market; and combin-
ed with its hygienic qualities, should com-
mend itself to popular favor at once. One
pint of kerosene, at a cost of about one
cent, will give a pure, healthy, clean light
for two hundred or more hours; i. e.,
twenty ten-hour nights.

It will give the greatest satisfaction in
the sick-room, nursery, bed-room, dark
corners of closets, and is ornamental as
well as useful.

"Do you miss him much?"
She, to the surprise of the ques-
tioner, smiled.

"Not so much as I used to.
Even a woman can learn to throw
straight when the distance is
measured merely by the width of
the breakfast table."

Van Waffles—Because he was
never stuffed when he was alive.

"Do you find your religious
work to your liking?" a Montana
minister was asked.

"Well," returned the divine,
slowly, "I can't say that I do.
For instance, last Sunday a new-
ly converted member of the
church, who sits near the door,
said he'd fill me full of holes if I
didn't speak louder."

MME YALE'S HAIR TONIC

LADIES AND GENTLEMEN: It affords me
great pleasure to call the attention of the pub-
lic to my Yale's Hair Tonic, which is the first
and only remedy known to chemistry which
positively turns gray hair back to its original
color without dye. I personally endorse its
action and give the public my solemn guaran-
tee that it has been tested in every conceiv-
able way, and has proved itself the only Hair
Specific. It stops hair-falling immediately
and creates a luxuriant growth. Contains no
injurious ingredient. It is not sticky or greasy;
on the contrary, it makes the hair soft, youth-
ful, fluffy, keeps it in curl and removes dand-
luff. For gentlemen and ladies with hair a
little gray, streaked gray, entirely gray and
with BALD HEADS, it is specially recom-
mended.

TELEPHONE 120.

TO OWNERS OF BUILDINGS.

The undersigned having purchased the exclusive right, title and interest for the
Manufacture and use of the **PEERLESS PRESERVING PAINT** in and for
the Hawaiian Islands, desire to call the attention of owners of Buildings to the
superiority of this Paint for the purpose of Preserving Shingles, Metals, Iron, Steel,
Bridges, Posts, etc., against rust, corrosion, decay and leakage. One generous coat of
the Peerless Preserving Paint has been found equal if not superior to three coats of
any other Paint, and we guarantee it will not scale, crack, or run, it being possess-
ed of a body when applied in which there is no OIL, SPIRITS OR EVAPORA-
TIVE SUBSTANCE. In using this Paint upon a shingle roof its FIRE-
PROOF qualities are one of the chief advantages, as it renders the roof imper-
vious to sparks which may fall upon it in the driest season without the slightest
injurious effects. The main features which the **PEERLESS PRESERVING**
PAINT offers for its use upon roofs are its thorough resistance to any action of
heat or cold, and its wonderful PRESERVING qualities which fully prevent
any action from either RUST OR DECAY.

We are prepared to execute and carry out special contracts for the application
of the **PEERLESS PRESERVING PAINT** on any of the Islands. All con-
tracts undertaken by us will be fully GUARANTEED. Our prices for this class
of work are extremely moderate, and roofs to which Paint is applied by us are
guaranteed against leaks, cracks, scales or runs for a period of years, estimated up-
on the age of the roof when the work is performed.

Examinations made and estimates given in all work free of charge, and refer-
ences given by application at our office.
